INTENSIFY EFFORTS IN LOCAL DISTRICTS

(U. S. Staff Correspondent)

WASHINGTON, May 7.—Telephone strike leaders apparently abandoned hope of a uniform national wage settlement today as they stepped up efforts on all fronts to bring an end to the month-old communications tieup.

The 49 members of the National Federation of Telephone Workers' policy committee returned home after six weeks in Washington to intensify peace talks between the local Bell companies and more than a score of NFW affiliates.

Only Negotiations In Capital
The only negotiations going on in the capital are those involving the AT&T long-lines department, which operates in 262 cities in 42 states, and the Western Electric Co., the AT&T's manufacturing subsidiary.

AT&T and the long-lines affiliate of NFW were reported by government conciliators to be only 78 cents apart in their negotiations on a wage increase for 20,000 long-distance operators.

The company's latest offer averages \$4.36 a week—\$3.69 in wage rate increase and 67 cents to cover "fringe" issues. The union is holding out for a government-proposed compromise of \$5.14. Its demand was for \$6.

To Resume Today

Long-lines bargaining sessions were to be resumed today. Conciliators Peter J. Manno and William Margolis said "we look forward to a quick solution at any hour." They added:

"We will remain in continuous sessions with the hope of cleaning up the case promptly."

Pilot Gets A 'Ticket' For Forced Highway Landing

Highway traffic is jammed around a small two-seater single-engine plane, which made a miraculous forced landing in the middle of the Henry Hudson Parkway in New York City, where the motor cut out shortly after its takeoff from the airport at Teterboro, N. J. The pilot, John M. Jewett, Jr., 23, a Ninth Air Force veteran, was handed a police summons for landing on the parkway without a permit. (International)

Five Tax Bills Up To Governor

Only Two Of Seven Of Administration Tax Measures In State Delayed

HARRISBURG, May 7.—(INS)—Five of the administration's seven tax bills approved by the General Assembly to raise approximately \$136,000,000 in general fund revenues during the next biennium today were before Gov. James H. Duff.

The remaining two, to increase the tax on cigarettes to four cents and impose a 20 per cent levy on soft drinks, was slated to be sent to the chief executive today following concurrence on senate amendments.

Consider Other Measures

Enactment of the bills turned the legislature's attention to other vital legislation including the administration's labor program designed to foster industrial peace through curbs on strikes. Proposals for stringent checks such as banning closed shops, were rejected by the governor.

House Majority Leader Herbert P. Sorg, Elk, said the house would clear the tax measures without delay to speed consideration of measures to boost teachers' salaries and broaden the tax bases of political subdivisions.

The tax measures were passed finally by the senate after an hour and a half debate by Democrats on the constitutionality of the proposed scaled levy on soft drinks and syrups.

Austin Makes New Proposal

(BULLETIN)

LAKE SUCCESS, N. Y., May 7.—(INS)—U. S. Representative Warren R. Austin proposed today that the United Nations special meeting on Palestine select a neutral fact-finding commission from small countries to shut out the Big Five powers and their "special interests."

The United States spokesman made his bid before the 35-member political and security committee after Canadian Chairman Lester B. Pearson threw discussion open to the creation and instruction of the commission.

It will investigate and report on the Holy Land situation to the general assembly next September.

Charge Rejected Woman Set Fire To Man's Home

BALTIMORE, Md., May 7.—(INS)—An attractive Venezuelan brunette, former cigar clerk in a Baltimore hotel, today was charged with setting fire to the Essex Shore home of a Baltimore dentist with whom she sought unsuccessfully to resume friendship.

The woman, held by Essex, Md., police on arson charges, was identified as Mrs. Carmen Rosalie D'Arcy Hernandez de Chras, 43, who gave her permanent address at 180 (or 108) Riverside Drive, New York City.

Mrs. de Char was charged with starting a blaze which destroyed the home of Dr. Vincent Roca, well-known Baltimore dentist, and damaged another house also owned by Roca.

Police said that Mrs. de Chras also tried unsuccessfully to set fire to the dentist's cabin cruiser which was moored near the house.

Dr. Roca said today that Mrs. de Chras came to his office yesterday—the first time he had seen her in a year and a half.

"She wanted to resume our friendship," Roca said, "and I told her I was not interested and she left the office, slamming the door and saying 'I'll get even with you.'"

Neighbors of Roca said they saw a woman walk into his home and leave a few minutes later. A short time afterward the blaze was discovered. Police arrested Mrs. de Chras at the UWCA an hour after the fire.

Cause Of Wreck Not Determined

Probe By Coroner's Jury Fails To Discover Cause Of "Red Arrow" Wreck

ALTOONA, Pa., May 7.—(INS)—Cause of the Pennsylvania railroad's disastrous "Red Arrow" wreck near Altoona, Feb. 18, remained unknown today following a verdict by a coroner's jury that the train was running in a "safe and proper manner" at the time of the wreck.

Twenty-four persons were killed and 150 injured when the crack train hurtled over a 150-foot embankment at Bennington curve, near "horseshoe" curve.

The coroner's jury heard 10 witnesses testify that the train was traveling at a normal rate of speed. The Interstate Commerce Commission reported that the Red Arrow was traveling about 65 miles per hour at the time.

John H. Ryan, a block operator, said the train apparently was moving at a normal rate of speed.

The investigation was moved to Pittsburgh where it was reported that the Red Arrow was traveling about 65 miles per hour at the time.

The rule came after detectives testified that they had been paid off on five machines when they "hit" while investigating the slot machine racket.

The judge, however, postponed a decision on whether police can seize and destroy machines if their construction indicates they are gambling devices but there is no evidence of a pay off.

TRUMAN ASKED TO ORATE

BOSTON, May 7.—(INS)—An invitation to join the ranks of the nation's greatest orators is en route today to President Truman.

The invitation was extended by Mayor James M. Curley, who asked the chief executive to make the Fourth of July address in historic Faneuil Hall. He pointed out that by accepting the president would "join the ranks of the nation's greatest orators, dating back to 'Cradle of Liberty' Days."

Would Outlaw Public Utility Strikes In State

Governor Duff's Labor Program Would Also Bar Strikes By Public Employees, Teachers

HARRISBURG, May 7.—(INS)—Gov. James H. Duff today supported a labor program aimed at protecting the public from industrial tieups by outlawing strikes by utility workers and public employees including teachers.

Legislation to deny jobless benefits to strikers and to prohibit picketing by persons not involved in disputes also was included in the program designed to foster industrial peace.

The chief executive turned thumbs down on measures proposing stringent curbs on unions such as banning closed shops and prohibiting secondary boycotts. No fair employment practices legislation was recommended.

No 'Punitive' Provisions

Rep. Adam T. Bower (R) Northumberland, who announced the program following a conference with Duff, asserted it steered clear of interference with collective bargaining rights and union organization.

The program contained "no punitive provisions," according to House Majority Leader Herbert P. Sorg, Elk, because the administration "is not approaching the labor problem with an anti-union attitude, but with a pro-public one."

Bills constituting the program were expected to emerge from the House Labor and Workmen's Compensation committees this week.

French Premier Wins Support

Socialist National Council Votes Him Authority To Continue In Office

COMMUNISTS OUT OF GOVERNMENT NOW

By LEON PEARSON
(U. S. Staff Correspondent)

PARIS, May 7.—(INS)—The Socialist National Council clinched hours of sharp debate today by voting Premier Paul Ramadier authority to continue at the head of a French government without Communist participation.

Ramadier, who ousted the five Communist ministers last Sunday because they bolted his hold-hell policy on wages, squeezed through by a margin of 494 votes. The vote was 2,329 to 2,125.

Blum Rallies Support

Former Premier Leon Blum reportedly rallied sufficient support to Ramadier when he revealed that the latter may succeed in attaining a compromise solution with the General Confederation of Trade Unions based on production bonuses.

The governmental crisis was precipitated by Communist support of demands for outright wage increases by the unions, including 32,000 workers on strike at the nationalized Renault auto works.

If Ramadier succeeds in the compromise effort, the Socialist Council was told, the opposition role of the Communists would be minimized.

In view of the strong Communist support among the trade unions the Socialists hitherto had declined to serve in a government with the Leftists in opposition.

France now will have a coalition of Centrists without either the Extreme Left or Extreme Right.

No Tax Reduction Compromise To Avoid Veto By President

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, May 7.—Sen. Millikin (R) Col., chairman of the Senate finance committee, declared today there is no chance of a GOP "compromise" on tax reductions to avoid a presidential veto.

Millikin's committee met behind closed doors today to begin drafting a Senate version of the House approved 30-to-10 per cent tax relief bill. He promised completion of a bill—following the House plan with few changes—by the end of this week.

Revisions Anticipated

The major revisions anticipated in the Senate are:

1. Knocking out the House January 1, 1947 retroactive plan to make the tax relief bill effective July 1 of this year.
2. Cutting in half the bracket of

taxpayers entitled to a 20 per cent cut under the House bill by lowering the 20 per cent "ceiling from incomes of \$302,000 to \$150,000.

Millikin said he saw no way of altering the GOP bill to make the measure sufficiently attractive to President Truman to win his approval the senator said.

"I don't see how it could be done. The president is opposed to any tax reductions this year, and we are on record for them. That's a fundamental difference."

Democrats Not Committed

Democratic members of the committee went into the tax-writing session without any agreement on a "party position" on what they will oppose or support. The Senate minority policy committee conferred yesterday but reached no agreement or decision on a uniform stand.

Death Sentence Verdict Given In Hammer Slaying

By WILLIAM THEIS
(U. S. Staff Correspondent)

GETTYSBURG, May 7.—(INS)—An appeal from a death verdict issued against Ray H. Simmons, 23, of Mechanicsburg, was planned today as preparations got under way for the trial of Robert L. Staley, 23, his neighbor and alleged accomplice in the slaying of an Adams county farmer.

A jury of 10 men and two women found Simmons guilty of first degree murder last night after deliberating for more than six hours. The death sentence was recommended.

Presiding Judge W. C. Sheely commented that "the court agrees with your verdict."

Hammer Slaying

Simmons and Staley were charged with the hammer slaying March 24 of Herbert L. Humpert, 70, of nearby Gardners, R. D., after rousing the aged man from his bed on the pretext of seeking tools to repair a barn. Police said they looted his house after dragging him to the barn.

The tiny courtroom was filled with spectators, many carrying box lunches, as the nine-day trial came to a close. Sentiment over the brutal slaying had run so high that Sheely issued a special warning against demonstrations following announcement of the verdict.

Selection of a jury for Staley proceeded with four men and a woman chosen from the first 27 takers summoned yesterday.

Staley appeared undisturbed by the verdict issued against Simmons.

The Rev. Joseph Carroll of the Marquette University Physics department said that Lake Michigan might have been the center of the quake.

Settle Phone Strike Dispute At Washington

By WILLIAM THEIS

Gen. Eisenhower Supports Plan For Single Department Of National Defense

ADMIRAL HALSEY HAS CRITICISMS (BULLETIN)

WASHINGTON, May 7.—(INS)—Two of the nation's highest ranking war heroes clashed today over President Truman's proposal to merge the army and navy into one department.

Gen. Dwight D. Eisenhower went all out in support of the administration plan to establish a single department of national defense.

Admiral William F. Halsey, wartime Pacific commander, criticized various parts of the merger plan. Both testified before congressional committees.

Eisenhower, at the same time, strongly emphasized that he had no desire to put the Marine Corps "in the doghouse." He said he favored maintenance of a strong marine force under the unification setup.

Not "Enemy Of Marine Corps"

The chief of staff told the House executive expenditures committee that he wished to correct talk that he was "an enemy of the Marine Corps."

Eisenhower testified that he has proposed to the joint chiefs of staff "as a basis for discussion" that consideration be given to establishing the strength of the Marine Corps under a merged army and navy at three times its present number.

Eisenhower disagreed with Admiral Ernest J. King, wartime chief of naval operations, who testified (Continued on Page Two)

House To Start Greco-Turkish Aid Vote Soon

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, May 7.—The house planned to conclude general debate today and begin voting tomorrow on the Greco-Turkish aid bill as opponents threw their support behind a proposal to refer the entire matter to the United Nations.

Rep. Smith (R) Wis., said he would offer the United Nations amendment. The foreign affairs committee member is leading a bitter Republican minority attack on President Truman's 400 million dollar "stop Communism" program.

Smith commented:

"While many amendments are going to be offered, we hope to attain our greatest support on the United Nations amendment."

The senate rejected a series of amendments designed to place in the UN the responsibility for maintaining non-Communist governments in Greece and Turkey before adopting the Vandenberg bill several weeks ago 68-23.

The final vote on the Eaton Bill, companion measure to the senate legislation, appeared probable Friday. House passage would be followed by referral of the two bills to a conference committee which would work out a compromise.

Object On Ocean Floor May Be Clue To Missing Liner

By WILLIAM THEIS
(U. S. Staff Correspondent)

VICTORIA, B. C., May 7.—(INS)—Discovery of an undetermined object on the ocean floor off Gabriola Island, B. C., gave rise today to the belief that a missing Trans-Canada Airliner may have crashed into the sea.

Anti-submarine devices on the Canadian Cruiser Antigonish spotted the object during a routine cruise late yesterday.

The vessel returned to Victoria to pick up a navy tug with divers, who will descend at the spot today. Fifteen persons were aboard the missing "Lodestar" when it disappeared a week ago, after radioing it was only two minutes out of Vancouver.

Wisconsin Phone Strike Is Ended

By WILLIAM THEIS
(U. S. Staff Correspondent)

MILWAUKEE, May 7.—(INS)—The Wisconsin Telephone Co. and the Telephone Guild of Wisconsin today agreed on a contract to end the Wisconsin phase of the nationwide phone tieup.

Terms of the contract were not revealed.

A joint company-union statement said that union meetings would be held all over the state tonight to ratify the agreement.

Observers believed that ratification was assured.

The Telephone Guild which claims a membership of 7,000, is an affiliate of the National Federation of Telephone Workers.

Mrs. Anna Harcar Matisko, 86, 410 East Leasure avenue.

The lady is through with her diet, she's finished with carrots and kraut, she kept to its strictest provisions, but almost was starved, or about: for breakfast she sipped at some fruit juice, for luncheon she nibbled at greens, and for dinner she gorged on some lettuce and fruit, with no sign of bacon or beans. But she's done with that calorie counting, no more will she notice an ache, when she needs some food and to mark the event she did quite a job on a steak. She lost a few pounds, or she thinks so, but the diet is finished and done, and so now she'll get back on some victuals that count—the weather is just fifty-one.

Charge Juveniles Attempted Burglary

Two juveniles were held in the county detention home today, pending an information in which they will be charged by Chief of Police Robert D. Hanna with attempted burglary.

They were said to have attempted to burglarize a store at 422 East Washington street at 2:58 a. m. today.

A County Line resident saw the boys in the doorway and notified police.

One boy was captured near the Fleming Steel company by Police Lieutenant Lynch and Officers Twell, Davis and Batoshek.

The father of the other boy surrendered his son at police headquarters when he learned police were seeking him.

Prentiss denounced closed shops which he said denied workers freedom of choice in joining unions and affected their right to choose their work.

NFTW President Joseph A. Beirne announced adjournment of the federation's policy group and the departure of its members to participate in local bargaining talks in St. Louis, Detroit, Chicago, Atlanta, Denver and on the west coast.

Beirne said the move did not signify any NFTW abandonment of national or industry-wide bargaining since there has been none. He pointed out that AT&T refused from the outset to bargain in Washington for all its affiliates, including the Bell companies. Beirne added:

"Any attempt to get AT&T to sit down nationally was given up early in the strike."

However, the policy committee's adjournment apparently meant that its members had given up hope of obtaining a uniform wage settlement for all NFTW unions by staying in Washington and passing upon each local agreement.

before a Senate committee yesterday that he favored placing a unified army and navy under a committee rather than a secretary of national defense.

Halsey, who won the nickname of "Bull" for his tactics in successful attacks against the Japanese, said he could see no need for an "autonomous air force" under the plan to unify the armed services.

Halsey told the Senate armed services committee he had three criticisms of the administration unification plan:

1. Different "interpretations" between the war and navy departments which he said "might lead to a very serious condition."

2. Lack of clear definition of navy control of its own aviation. The navy, Halsey insisted, must control its reconnaissance and anti-submarine planes—as well as robot and guided missile forces.

3. The possibility that the marine force could be "totally abolished" by the proposed secretary of national defense, merely by putting marines in army uniforms.

Halsey told the committee he could not have carried out his Pacific offensive against the Japanese without controlling the navy's land-based aircraft. He said:

"I don't know what I'd have done—and I'd probably have sworn a great deal."

Against Autonomous Air Force

Asked whether he believed an autonomous air force was necessary in a unified defense set-up, Halsey replied:

"Of course, it's none of my business, but outside of a strategic air force for distant bombing, I can see no excuse for an autonomous air force—and I don't know that's necessary."

The gray-haired, bushy-browed navy veteran, fondly nicknamed "Bull," insisted that the "mission" of the several services should be clearly written into any unification law.

Sen. Saltonstall (R) Mass., pointed out that such procedure would "freeze" the missions on the basis of a "past war" rather than on future possibilities.

But Halsey shot back:

"You always pass another bill. But if you don't write it into law there's always the possibility of one service swallowing up another."

Hearings On May 19

The House ways and means committee simplified this program for the senators by announcing that public hearings on the general revision of tax laws will open May 19. The House committee plans to get preliminary study out of the way this year so the second session of the 80th Congress can begin work on the general tax bill when it convenes in January.

Senate members conceded this will give them a good reason for tabling pleas for "special" treatment. Strongly supported proposals for making uniform the community property provision—under which husbands and wives may divide their income for tax purposes in nine states—were expected to be put off until next year.

Millikin estimates the House bill would cost four billion 800 million dollars if it retroactive to last January, or three billion 800 million if effective July 1.

By using this street and the newly established Jefferson and Taylor street by-pass, some traffic signals are eliminated and much time is gained in reaching the intersection of Butler avenue and East Washington street, where the two routes merge.

One of the most expensive single air mail packages ever to be received at the local post office, came in today at Noon. The package weighing just a half ounce less than three pounds, carried penicillin and other necessary medicines destined for Italy. The postage on the package amounted to \$14.25. The large amount was unable to be registered on the new stamp machine and two impressions were necessary before the postage could be affixed to the package.

Tomorrow will be the second anniversary of V-E day, the date recognized as marking the end of the war in Europe.

Despite the handicaps in building, there seems to be a lot of activity in the construction of homes in New Castle and nearby townships. City engineering department report yesterday showed 22 permits issued inside the city for new residence construction since April 1.

Home gardeners are getting a bit discouraged by the continued prevalence of rainy cold weather. Farmers likewise are being handicapped in their spring work by the failure of real warm days to arrive.

Helen Dygert, of the Wilmington road beyond Walmo, says five deer, four large ones and one small one, grazing in her back yard this morning. The animals finally disappeared into the woods.

vent utility strikes would be blue-printed in the program, according to Bower.

It would provide for a three-member board composed of representatives of unions and utilities involved in disputes and the superior court to air grievances. Appeals from the board's decisions could be taken direct to the supreme court, a new procedure.

The no-strike provisions would affect gas, water and electric utilities while some restrictions may be placed on work stoppages by workers of transportation and telephone utilities, Bower reported.

POETRY GROUP HAS APPRECIATION MEET

Poetry Group met Tuesday evening in the public library at 7:30 for a poetry appreciation program. In answer to roll call those present named something of interest in the field of poetry.

The program was presented by Mrs. John Gardner who gave "Poetry of World War II" with illustrative readings from Carl Carmer, Arthur Colton and Joseph Auslander.

Miss Rose Barber presented a short biography of Ogden Nash and read his "I'm a Stranger Here Myself" and "Good Intentions."

During business, with Miss Allurah Leslie presiding, there was a report on plans for the annual poetry recital dinner set for May 31 at a local tearoom as a National Poetry Week feature. It has been decided to open the dinner to the public with reservations in charge of Mrs. George Henderson. Members of the Canton and Youngstown chapters of the Ohio Poetry Society have been invited to attend as special guests.

Progress on the poetry calendar for 1948 was reported.

In the announcement of acceptances, Mrs. Mae Wilson has had a poem accepted for the summer issue of the American Bard.

LEGION AUXILIARY AIDS CANCER FUND

American Legion Perry S. Gaston Post No. 343 auxiliary met Monday evening in the Legion home for a regular business meeting during which reports on several banquets and luncheons of particular interest to the legion auxiliary were given by Mrs. Gerude Speed, president.

These were the national and department commander's banquet, and the national and department auxiliary presidents' luncheon.

A contribution was voted to the Cancer fund.

In memory of the gold star mothers the charter was draped.

In announcing plans for a mothers-daughters tea on May 19, Mrs. Ethel Shaffer and Mrs. Elizabeth Miller were named co-chairmen.

Next regular business meeting will be June 16 when there will be election of officers.

QUOTA CLUB VIEWS GEO. JR. REPUBLIC

What members of Quota club agreed today was a most enjoyable and enlightening evening was spent Tuesday in Grove City where, following dinner at the Penn-Grove hotel, they were guests at the George Junior Republic.

When the Quota club, accompanied by several special guests arrived, they were ushered into the chapel where they heard a concert of choral music by a chorus of 75 boys of the school.

Afterward the party was conducted on a tour of the grounds, the class buildings and dormitories by Mr. and Mrs. Arthur Prasse. And as one of the members said, "It was a revelation."

They saw the tailor shop, the carpentry shop, farm and dairy buildings and the school's food locker plant and were given an explanation of the schedule for the 325 boys there whereby they attend schoolroom class half a day and spend the other half in shop or farm work.

Afterward Mr. and Prasse invited the guests to their home for tea.

Special guests who accompanied the club were Dr. and Mrs. E. F. Henderson, Miss Mary Bigley, Mrs. William Buchanan and Miss Margaret Evans of Hammond, Ind. Dr. Henderson is a member of the George Junior Republic board.

Several members of Quota are planning to attend the Spring Frolic in Johnstown May 17-18.

Next meeting will be a dinner meeting at The Castleton May 20.

NORMA JIMM WEDS JAMES A. MOSES

A lovely wedding took place in St. John the Baptist church on May 4, when Miss Norma Jimm, daughter of Mr. and Mrs. Charles Jimm of 109 East Long avenue, became the bride of James A. Moses, son of Mr. and Mrs. Joseph Moses of 15 West Long avenue.

Before an altar of palms, ferns and flowers, flanked with candelabra on either side, Rev. Fr. Elias G. Nader officiated, using the single ring service.

Given in marriage by her father, the bride was charming in an ivory slipper-satin gown with net yoke and drop shoulder collar, full skirt made entrain. Her long lace veil fell from a crown of seed pearls and she carried a sheath of calla lilies.

Mrs. Julia Piccione, sister of the bridegroom, as matron of honor, wore an aqua Colonial gown, matching plumes and carried roses. Bridesmaids, Louise Jimm, Catherine Gabriel, Mary Moses and Delores Gabriel, wore Colonial gowns with matching bouquets.

James Gabriel served as best man, and ushering were John Jimm, Raymond Joseph, Donald Moses and George Joseph.

Following the ceremony, a wedding dinner was served to approximately 600 guests in the church hall.

Mr. and Mrs. Moses departed later upon their wedding trip, and upon their return will reside in their newly furnished apartment, 109½ East Long avenue.

Mrs. Moses was formerly employed at the Johnson Bronze company. Mr. Moses is affiliated with his father in business and is a former G. I. with four years service in the Caribbean area.

HONOR CHURCH CHOIR AT NEW WILMINGTON

The choir of the U. P. church of New Wilmington was entertained at a party given in their honor on April 30 at the home of Mr. and Mrs. James A. McLaughry, Beechwood road, New Wilmington.

During the most pleasant evening, Mr. and Mrs. Wendell Wilson, Ralph Buchanan and the McLaughry family provided entertainment for the visitors.

Mr. and Mrs. Robert McCrumb and Rev. and Mrs. Robert McDonald were special guests on the occasion. At the conclusion of the social hour, the hosts served delicious refreshments to the guests.

Armed Forces Merger Bill Under Attack

By FRANK B. ALLEN
(U. S. Staff Correspondent)

WASHINGTON, May 7.—(INS)—and more-or-less under-recover sparring between the Army and Navy over President Truman's "compromise" unification bill today showed signs of becoming a wide-open slugging match.

Gen. Dwight Eisenhower prepared to restate the Army's views to the House Executive Expenditures committee, before which Marine Corps Commandant Alexander A. Vandegrift declared that the issues were not "truly reconciled" in the supposed compromise.

Admiral Halsey Called
At the same time, Admiral William F. Halsey was called by the Senate Armed Services committee to follow up testimony of his wartime chief, Admiral Ernest J. King, who proposed that the "secretary of national defense" plan be scrapped.

Views of King—who emphasized that he was giving his "personal opinion"—marked the first wide-open break between Army and Navy spokesmen. However, former Sen. Thomas Hart, retired admiral, opposed the plan, and Vandegrift previously had expressed fear about the future of the Marine Corps.

Vandegrift, who offered amendments he said would safeguard the Marines from being reduced to a "parade" unit, cut loose a salvo at what he said were conflicting interpretations of the War and Navy spokesmen of how much power the single cabinet secretary would have to merge the services.

He said he was "apprehensive" of what may happen "unless there is a clearer meeting of the minds."

Child birth was originally ascribed to the influence of the sun, the rain, the rivers and the trees upon the mother.

Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, May 7.—(INS)—This is one for the books. Linda Darnell has sent notes of thanks to the wives of four of her leading men for their help in the love scenes in "Forever Amber."

Said Linda: "I knew they'd been coached at home, although they pretended they hadn't. But they broke down after the picture was over and confessed they had played the big romantic scenes over and over with their wives before we filmed them."

The notes went to Patricia Knight, actress wife of Cornel Wilde; Patricia Medina, actress wife of Richard Green; Mrs. Glenn Langan and Mrs. John Russell.

The director of the picture, Otto Preminger, had an idea on it, too. He thought 20th Century-Fox should send the ladies a check.

He said: "I can always tell when an actor has played a love scene with his wife. We cut our rehearsal time in half."

Bill Pine, of the famous producing firm of Pine & Thomas, has something to say today.

"Did you ever stop to think that this is one business where every bit of effort is concentrated for the benefit of a single group of people—the actors and actresses?" he asked your reporter.

"The designers, make-up and wardrobe staffs, the set builders, the electricians, the cameramen, writers, directors and the producers all work towards the one end."

"Is there another business in the world like it?"

Your reporter had never given it much thought before but Bill is right.

Jeanne Cagney is back in Hollywood to make another picture with

her famous brother, Jimmy. It's "The Time of Your Life" for Cagney productions.

It makes you realize how the time flies. It's been seven years since she made her first, also her screen debut, with Jimmy. That was in his academy award winning "Yankee Doodle Dandy."

Jeanne has been in New York City. Her most recent stage performance was in "The Iceman Cometh."

Marie MacDonald, in Las Vegas, Nev., to divorce Agent Vic Orsatti, writes to friends in Hollywood that she's leading a very quiet life while she waits her decree. That's about two weeks off.

Marie says she even gets up at 6 a. m. to go horseback riding.

British Railways reported recently that the historic 800-year-old walnut tree on Runnymede island in the Thames river, beneath which the Magna Charta was signed, was blown down during a recent gale.

Former Employee Of OPA Indicted

PITTSBURGH, May 7.—(INS)—A former OPA employee who testified a year ago at a federal grand jury investigation of the sugar black market in Pittsburgh today found himself indicted.

A federal grand jury yesterday returned a true bill against Clarence A. Brahm on charges of ac-

cepting four bribes, totaling \$2000, while working as an OPA slaughter control specialist. Information against Brahm charged he accepted the bribes to permit slaughterers to evade OPA regulations.

At the investigation of the sugar black market, government agents referred to Brahm as "Mister X" to shield his identity. In that case, 24 persons, including four OPA officials, pleaded guilty to participation in the black market. All were fined.

Bar Association Elects M. L. Ailey

Officers Are Named For Year At Meeting Of Lawrence Co. Bar Association

OTHER NEWS OF COURT HOUSE

Attorney Mont L. Ailey will head the Lawrence County Bar Association for the coming year. At the annual meeting of the association for the coming year. At the annual meeting of the association Mr. Ailey was advanced from the position of vice president to the presidency, succeeding Attorney Thomas V. Mansell who has served during the past year. Attorney J. Glenn Berry was elected as vice president.

Attorney Edward M. Rea was re-elected secretary and Attorney Elmer D. O'Neill as treasurer. The attorneys voted to open their offices at eight o'clock in the morning and close at four o'clock in the afternoon in the summer, a sort of modified Daylight Saving Time.

SUES FOR RENTALS

Mary E. Powell and Olive M. Foster have entered a suit against the County of Lawrence, the City of New Castle and the School district of the City of New Castle for \$161.50 rentals which they claimed were collected by the county from property which had been sold to the county for delinquent taxes.

The complaint sets out that the two plaintiffs purchased a property at 1007 North Jefferson street on July 2, 1937, upon which the taxes later became delinquent. On April 29, 1944 the property was sold to the county for taxes and the two year redemption period ran. The county in the meantime rented the property as it has done in many other properties and collected the rentals.

On September 3, 1946 the plaintiffs paid all interests, penalties and taxes and were permitted to redeem the property. They now claim rentals of \$161.50.

URGES REMOVAL OF WILLIAM PENN STATUE AS UNSAFE

PHILADELPHIA, May 7—(INS)—The city fathers were urged by a noted architect today to remove Philadelphia's most famous landmark—the statue of William Penn atop City Hall.

Carl A. Ziegler said the 53,523-pound metal figure should be removed because it menaces "life, limb and property."

Ziegler charged further that the 37-foot statue hauled aloft piecemeal 52 years ago "is not only an architectural outrage, but is structurally wrong."

Director of Public Works Thomas Buckley replied that the entire City Hall tower, William Penn and all, was "reasonably safe."

Eisenhower Makes Appeal To Control Main Causes Of War

NEW YORK, May 7.—(INS)—General of the Army Dwight D. Eisenhower warned that air transport achievements will mean mutual destruction in any future war and asked the entire world to "gain effective control of causes that beget war."

Until mankind eliminates greed, racial and religious discrimination and similar cancerous frailties, he cautioned, the eternal threat of conflict will remain.

Addressing the Wings Club's annual dinner in the Waldorf-Astoria Hotel, the army chief of staff said:

"The development of air transport has been accompanied by unlimited possibilities for mutual destruction. Their dreadful implications demand international effort as extensive and untiring as men can maintain."

"The future of civilization, so far as we can see, depends on the outcome of world cooperation."

In pleading for favorable action on the President's Army-Navy Unification Bill, he declared there is "no longer such a thing as separate land, sea and air war. It is all one war. And an every-ready air force is an insurance policy against attack."

Navy Reveals Newest Rocket

Missile Can Climb 200 Miles At Supersonic Speeds While Carrying Loads

WASHINGTON, May 7.—(INS)—The navy revealed Tuesday the development of a new rocket capable of climbing to an altitude of 200 miles at supersonic speed while carrying "useful loads."

Known officially as the "Neptune", the new rocket was perfected after 18 months of study and represents a radical departure in the production of American guided missiles.

The naval research laboratory bulletin said that the "Neptune" has nearly twice the range of the German V-2 weapons and is considerably faster than the Nazi missiles.

The bulletin disclosed that the new U. S. weapon is the largest rocket that can conveniently be fired from a warship.

The "Neptune", which is vertically launched and jet stabilized, will carry a smaller load than the V-2, but navy scientists believe that its flexibility and altitude character-

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion

istics will offset its carrying capacity.

Ten rockets already have been ordered by the navy, which estimates that the cost per rocket will be between \$78,000 and \$85,000 if production is continued.

The first contract, representing an expenditure of nearly two million dollars, has been let to Glenn L. Martin Co., Baltimore. The contract also calls for launching platforms and engineering assistance.

Initial tests of the new weapon tentatively are scheduled to be conducted at the joint army-navy firing range at White Sands, N. M., in the near future.

TALK ON MEXICO IS HEARD BY A. B. D.'S

A.B.D. society of the First Presbyterian church at its meeting in the church parlors Tuesday evening at 8 o'clock heard a most interesting account of life "south of the border" in Mexico by Miss Ruth Sample.

Introduced by Mrs. Anna Wagner, Miss Sample told of her experiences during some months' residence in that country and talked on the day-to-day life of native Mexicans. She illustrated her talk with pieces of pottery and woven articles, jewelry, etc. that are examples of handicraft in Mexico.

Devotionals on "Elijah" were led by Miss Grace Dodson.

On the musical portion of the program, Mrs. Ross Rosenberger sang two lovely solos, one Brahms' "Lullaby" and the other one selected as appropriate to mothers day. Mrs. William J. Caldwell was her accompanist.

During business, the group discussed plans for the mothers-daughters banquet on Friday evening at the church and also for a special project for May 12.

Hostesses for this final meeting until next fall were Mrs. Ross Rosenberger, Mrs. Clinton Keasy, Miss Grace Dodson and Miss Frances Hayden.

EAGLES AUXILIARY ELECTS OFFICERS

Ladies auxiliary to the Eagles at a business meeting in the Eagles hall Tuesday evening elected officers to serve for the coming year as follows: president, Mrs. Howard Hunter, Jr.; vice-president, Mrs. Walter Heckart; secretary, Mrs. Edward Johnston; treasurer, Mrs. William Elkass; chaplain, Mrs. William Pugh; inside guard, Mrs. Clara Rice; and to serve as trustee for three years, Mrs. Harry Buckley, Mrs. Samuel Jackson is the retiring president.

During business there was discussion of plans for the mothers day program at the Margaret Henry Home on May 11, open to the public, when the drill team will put on a display under the direction of Mrs. Samuel Jackson and Mrs. Henry Navarra.

May 20 is the date decided on for the annual memorial services for departed members. Mrs. Chauncey Davis is in charge.

On the social committee that served lunch were Mrs. Glen Reno, Mrs. Walter Pilch, Mrs. Edwin McGowan, Mrs. Elmer Whitman, and Mrs. Samuel Jackson. Social period of the evening was in charge of Mrs. Katherine Williams and Mrs. Agnes Perry.

In preparation for the Memorial Day parade the drill team will practice Tuesday evening, May 13.

DEGREE OF HONOR TO BANQUET ON FRIDAY

Members of the Degree of Honor will have a mothers and daughters banquet in I. O. O. F. hall, East Washington street, Friday evening, May 9, commencing at 6 o'clock. Mrs. Anna Hawk is chairlady of committee of arrangements. Regular business meeting will follow, with drill practice at the close.

EPWORTH GROUP 3 HAS MAY SESSION

Group three, W. S. C. S. of Epworth Methodist church assembled in the home of Mrs. Clarence Miller, 141 East Garfield avenue, Monday evening, when Mrs. William Warwick and Mrs. Harold Gill entertained jointly.

COAL STRIPPERS

MAKE APPEAL
ON STATE LAW

PHILIPSBURG, Pa., May 7.—Ninety-eight members of the Central Pennsylvania Coal Strippers Association in Jefferson, Clearfield and neighboring counties, awaited a ruling on their appeal from the Dauphin county court decision that the 1945 Act governing coal stripping, is constitutional.

Organized to test the constitutionality of the act, the strippers and land owners of this section

petitioned the Dauphin county court to stay the act with an injunction. The court issued a ruling directing the Department of Mines and Department of Forests and Water to withhold enforcement until the petition was decided. Later, the court ruled the law was constitutional and the association appealed.

Sen. Capehart Foresees Large Slash In Budget

PITTSBURGH, May 7.—(INS)—A cut of between three and four billion dollars in the federal government's 37 billion budget was foreseen today by Senator Homer Capehart of Indiana.

Capehart asserted last night in Pittsburgh that the nation's first step toward reduction of high prices and living costs must be a reduction in the high cost of government.

He said that while the cost of government continues on such a high level, "it will be impossible to maintain a sound economy" without continued high prices and high wages.

Capehart was in Pittsburgh to address the East Liberty Chamber of Commerce on its 19th anniversary.

WASHINGTON CALLING

(Continued from Page Four)

felt, equipped him for the Greek-Turkish assignment.

A. T. & T. President Walter S. Gifford said he needed Harrison's services and would not like to release him. That has been the trend ever since the end of the war—out of government and back into business. It is one of the severe handicaps the administration labors under in the effort to win the peace.

Favor Ethridge

Sentiment is growing in favor of Mark Ethridge, publisher of the Louisville Courier-Journal. Ethridge is serving as the American member of the United Nations commission to investigate Greece's charges of outside intervention in the Greek border dispute. The commission is now in Geneva, Switzerland, struggling to write a report on which at least a majority of the group can agree.

Ethridge is known to be a liberal. At the same time he has had a successful career which has amply demonstrated his capacities. It is believed he could be confirmed by the senate.

Those who are working to put the team together are well aware of how much turns on its success. Failure might well mean the end of any further effort to use America's economic power in building up the strength of middle and Democratic forces. The extremists on the left and right in this country who have opposed the program would say "I told you so".

Failure would also have the most far-reaching political significance. A year from now we would know it if the program had bogged down badly. That would come on the eve of a presidential election.

Political Meanings

It is just possible that certain statesmen on Capitol Hill may be aware of these political meanings. It is barely possible that this may be the explanation of the stalling tactics in the house. How nearly we can carry out a bipartisan foreign policy under our system of divided powers and fixed elections is becoming more and more of an uncertainty.

We understand here in this country the meaning of our quadrennial quarrel. We discuss some of the talk and some of the behavior. But the rest of the world is not likely to be so charitable, particularly now that we have become the center of such a concentration of economic, industrial and technological power.

We should make the effort more often to see ourselves as others see us. The Greek-Turkish program was proposed on March 13 as an emergency program calling for the quickest possible action. Now, nearly two months later, the final decision is still talked of as though there were a doubt of the outcome.

In his recent press conference, Harold Stassen said some very wise things about the futility of a negative approach in foreign policy and the need for a positive, constructive approach. But how you get a positive approach with the great divide in Washington, no one has yet said. (Copyright, 1947, By United Feature Syndicate, Inc.)

LOOKING AT LIFE

(Continued from Page Four)

smallpox, and I hope the danger of an epidemic is gone.

So much for the small-pox and that awful official language which no layman understands and which sounds, oh so important, but means so little to most of us.

But here is a thought which young Ray Roger, one of our newspaper boys, gave me yesterday: "Millions of people had themselves vaccinated as soon as they felt there was danger to themselves and to the nation in general."

Wouldn't it be a wonderful idea if all human beings were to react as promptly and as unthinkingly when other dangers face us?

Wouldn't it be marvelous if there were a serum with which we could be vaccinated against communism and intolerance and war and all the other things that disturb the peace and the happiness of mankind?

I am afraid that the doctors will never be able to discover such a serum.

The serum against those evils will come from ourselves and we will have to do our own vaccinating.

The serum is there—if we'd only learn how to use it.

General Motors Club To Meet At Dinner

Members of the General Motors club of New Castle will meet Thursday night, May 8, in The Castleton hotel for a dinner meeting. A Disney picture, "The ABC of Hand Tools," will be shown for educators. The picture is for visual education and is said to be an unique experiment in this field. The picture is dedicated to the peacetime use and care of common tools.

Union Residents To Meet Thursday

Will Hear Discussion Of Street
Lighting And Other Projects
For Township

Union Civic and Athletic Association will hold its regular meeting Thursday evening in the high school building it was announced today. The meeting was postponed from this evening because of other activities in the high school auditorium.

Attorney Walter Keller, legal advisor for Union township, will attend the Thursday evening meeting to answer questions on the street lighting project and other proposals

in the township, Dan Radabaugh, head of the organization said today.

Among the items on the agenda to be discussed are the proposed Constitution and By-Laws of the Association. A meeting on the volunteer fire department will follow the regular meeting of the U.C.A. with the general public invited to attend both meetings.

Billy Allen S. 2-c is on twenty days leave visiting with his mother, Mrs. Ramona Allen, of 414 Sixth street. He is stationed at the Philadelphia Navy Yard, attached to U. S. S. Valley Forge. Billy will soon go to the west coast for three months, and then leave for a six months cruise in the Pacific. He has been in the service for almost a year.

child should attempt a college-preparatory course. The school should be able to tell you of his likelihood of success in the course you or he or both of you want him to take.

The wise counselor will try to persuade you and your child that he should avoid such courses for which he is not suited by training and ability. Some of the better high schools forbid pursuit of such courses. I do wish I could prevail on all parents to take an intelligent interest in the education of their children.

Music Club Chorus To Present Oratorio

As a fitting and brilliant conclusion to National Music Week, the Music Club Chorus will present "Hora Novissima" by Horatio Parker, on Sunday, May 11, at 8 p. m. in the First Methodist church.

The choice of the oratorio for the spring concert is entirely due to the able and brilliant director of the Music Club Chorus, Mrs. William J. Caldwell, and New Castle has in store one of the most beautifully melodic achievements of the ages. That is meant literally for Bernard DeMoraix, a Benedictine monk, who lived in the early twelfth century, during Dante's time, wrote the Latin words as "Rhythm on the Celestial Country." It is one of the loveliest of medieval measure, written with intense force of poetic mediation and majestic power of verse. The splendors of the heavenly kingdom rise in sweeping heights of glory almost unbearable.

Inspirational Translation
Isabella G. Parker, mother of Horatio Parker, translated this incomparable Latin verse into English and her translation is surely inspirational.

"Hora Novissima" means the "Latest Hour of Earth," which foretells the second coming of the Judge of all men, the description of that country beyond compare, the Heavenly Kingdom.

Horatio Parker, who was born in Massachusetts in 1863, and died in 1904 in Boston, composed the music for the "Hora Novissima" in 1892. It was given in Boston in 1893, and met with instant success. It was performed in London and on the Continent, and Parker has the distinction of being the first American composer to be acclaimed abroad.

Music Magnificent
The music is magnificent, and he is probably the finest exponent of counterpoint since Bach. His melodic ideas are beautiful, graceful, and sometimes splendidly vigorous, the orchestration extraordinarily rich.

From the opening chorus, "Cometh Earth's latest hour, Evil hath mighty power, keep we vigil" through the superb and thrilling solos, to the massive and effective double chorus, the quartets, to the final chorus, "Thou, city, great and high, Towering beyond the sky, I hail thee ever" there is a feeling that the composer has given to a man a most exalted and rapt conception of bliss beyond compare.

The oratorio is the finest achievement in oratorio of any American

composer, who ranks with Palestrina and Bach.

Mrs. Caldwell directs this majestic work with her unusual fine sense of musical comprehension. It is a difficult work and the chorus has practiced hard and faithfully. The accompaniments, which New Castle Music lovers have never heard anything to equal are in the very capable hands of Edwin Lewis, organist of the First Methodist church, at the organ, and Mrs. Richard Allen, organist of the First Christian church, at the piano.

The presentation is sponsored by the Ministerial Association of New Castle.

Roman soldiers carried a sponge with them for use as a drinking vessel.

Art Alexander will be the speaker Thursday evening at the regular meeting of the Optimist club in The Castleton hotel. He will address the club members on city recreational work.

Dr. R. C. Gilmore has been named as this week's supervisor to attend the session of the "Small Flies" club, model airplane builders.

It was announced by President Al Garra that Jerry Crangi has been taken into the club as a new member.

May 10 there will be a district meeting of the Optimist chapters in Butler. Club officers will convene in a special morning session. In the evening there will be a dinner-dance, to be attended by the members and their wives.

James Gardner Solos At New Castle Port

James Gardner of Harmony, Pa., has completed his solo flight at the New Castle Airport, attaches of Wilson Aviation reported today.

Harding Thayer, local pilot and architect and Wayne Sines, have returned from Buffalo, N. Y., where they flew in Mr. Thayer's new plane. The trip according to Mr. Thayer, to Buffalo was made in 66 minutes, while the return trip was made in 76 minutes.

Visiting the local airport overnight was a Mr. Sinclair of Muskegon, Mich. Mr. Sinclair is operator of the Sinclair flying service in that city.

To rear a leghorn pullet takes about 25 pounds of grain.

JOHNSTOWN MAN HEADS DISTRICT BEER ASSOCIATION

PITTSBURGH, May 7.—(INS)—Tony Bagnato, of Johnstown, was elected president of the Western Pennsylvania Beer Distributors association at its annual meeting last night in Pittsburgh.

Also elected were Ben Golomb, of Pittsburgh, secretary, and L. L. Clark of Charleroi, treasurer.

At the meeting, B. Robert Averbach, counsel for the distributors, advised the association to "steer clear" of becoming involved in any renewal of the beer war.

His advice came after CIO Regional Director Anthony J. Federoff announced the union would attempt to organize distributors' drivers who now are under contract with the AFL-Teamsters until June 30.

Copperweld Steel Strike Terminated

PITTSBURGH, May 7.—(INS)—The strike at the Copperweld Steel Corp. plant in suburban Glassport was ended today after the CIO-United Steelworkers' membership voted to accept arbitration and return to work immediately.

The membership vote was taken upon the recommendation of USW President Philip Murray.

The strike started two weeks ago when seven officials of the union were discharged for absenteeism. Later the workers refused to return to work unless the union officials were reinstated. Their no-work decision led to the suspension of local's charter.

FRENCH SOCIALIST COUNCIL AGAINST BATTLE WITH REDS

PARIS, May 7.—(INS)—The French Socialist Council, in its resolution supporting Premier Paul Ramadier's centrist government, placed the party on record today as refusing to join any "anti-communist" coalition.

The resolution said such action would only divide French workers into antagonistic blocs.

The party's statement also said it would desert any government that fell under the control of a reactionary majority.

ZIONIST SPOKESMAN FLYING TO NEW YORK

JERUSALEM, May 7.—(INS)—Zionism's top spokesman, David

Bengurion, left Lydda airport by plane direct for New York today to head the Jewish agency delegation before the United Nations. Ben-Gurion is chairman of the Jewish agency executive. Speculation among Palestine Jews centered on whether Dr. Chaim Weizmann, Jewry's most eloquent pleader, will accept the invitation of his colleagues to speak. Weizmann is a former president of the World Zionist organization.

**Double Tragedy
Blame Placed On
Battle Fatigue**

Atlantic City Detective Kills Store
Owner And Then Com-
mits Suicide

ATLANTIC CITY, N. J., May 7—
(INS)—Myor Joseph Altman blamed
battle fatigue today for the impulse
which led Detective Ferdinand D.
Moore, 51, to kill a candy-store
owner and commit suicide.

Police said Moore, former major
league baseball player, shot himself
with a .38-caliber revolver after
putting three bullets in the abdo-
men of Leon Wiener, 43, his close
friend.

The detective went berserk and
shot Wiener in the latter's store
after the two had "needed" each
other about an ice cream purchase.
Wiener succumbed 12 hours later in
a hospital.

War Neurosis Victim
"Moore was the victim of a war
neurosis," Mayor Altman said.
"He was always excitable but he
appeared to be more so since he
returned from the navy."

The dead detective played first
base for the Philadelphia Athletics
in 1914, joined the Detroit Tigers
in 1915 and later played for In-
dianapolis in the American Associa-
tion.

Moore was a son of Mrs. Caroline
(Mother) Moore, 77, distinguished
Philadelphia social worker who won
the \$10,000 Philadelphia award in
1938. She was also named Penn-
sylvania's outstanding woman in
1939.

Besides his mother, Moore was
survived by his wife, Laura. Wiener
was married and the father of three
sons and a daughter.

Feature Will Be Presented In
Reeves Stadium At 9 O'Clock
In Evening

BEAVER FALLS, May 7.—Every-
thing is set for the Geneva May
Day, May 13, in Reeves stadium at
9:00 in the evening.

The theme of the affair, "The
United States, the Melting Pot of
Nations", will be carried out in the
costumes and folk dances of other
countries.

The Geneva band, directed by
Buddy Krepps, will furnish the
music for the professional of the
May Queen, her court ladies and
escorts and other performers.

The Genevans will sing and re-
corded music will be used for the
dancers. The entertainment will
wind up with a special fireworks
display. New spotlights and light-
ing system have been secured for
the occasion.

**Private Funeral
For Mme. L. Homer**

WINTERPARK, Fla., May 7—
(INS)—Private funeral services will
be conducted today for Mme. Louise
Homer, noted contralto who sang
with the Metropolitan Opera com-
pany for 19 consecutive seasons.

Mme. Homer was 76 and had been
ill for five weeks. Probably one of
the best known opera and concert
stars in the country, Mme. Homer's
favorite role at the Metropolitan
was that of Amneris in "Aida".

She had been spending the win-
ters in Florida with her husband,
Dr. Sidney Homer for the past de-
cade and took an active part in the
community life. She had awarded
two scholarships annually to stu-

dents in voice at Rollins college
and acted as an unofficial advisor
to the music department of the col-
lege.

Burial will be at the Bolton, N. Y.,
cemetery near Lake George, N. Y.
Mme. Homer and her husband
celebrated their golden wedding an-
niversary in 1945. Besides her hus-
band she is survived by a son and
four daughters.

**Deny Permission To
German Scientist
To Come To America**

LONDON, May 7.—(INS)—The
London Daily Express reported to-
day that British authorities have
refused a United States government
request for the services of Prof.
Otto Hahn, prominent German
atomic scientist.

The dispatch from Gottingen,
Germany, said the reason given for
the refusal was that Germany need-
ed the services of her scientists and
technicians to become self-support-
ing.

According to the Express, this
was the first time the United States
had been denied the right to offer
a contract to German scientists
in the British zone not needed in
Britain.

The dispatch said Prof. Werner
Heisenberg, another top atomic
scientist, recently was refused per-
mission to leave the British zone
for similar reasons.

Heisenberg was forbidden to ac-
cept an appointment to teach in
Argentina.

SOUND-PROOFED COWS

PITTSBURGH, May 7.—(INS)—
The Belyn Dairy company not only
has contented cows—they're appar-
ently sound-proofed.

Shortly after Moon township
farmers complained that heavy air-
traffic at the new Greater Pitts-

burgh airport would affect the milk
output of their cows, the dairy com-
pany applied yesterday for grazing
rights on county-owned land ad-
joining the airport.

U. S. traffic accidents killed 33-
500 people and injured 1,150,000 in
1946.

Lions Club Has Initiation And Business Meeting

Seven Members Recently Accepted By Club Are Initiated At Meeting Tuesday

Seven new members were recently accepted for membership by the Lions Club, were initiated at the noon luncheon meeting of the club, Tuesday, in The Castleton.

The new men officially inducted, were: J. E. Windl, C. R. Youngquist, W. Roscoe Clement, John N. Corneli, Henry P. Davis, Jr., J. Arthur Turek, and Milton A. Pattison.

Acknowledgment of the club's check to help the recent disaster victims was received from the Texas City, Texas Lions Club. It was also reported that another new Lions Club had been formed in New Castle, but this city happens to be in Ontario, Can.

The nominating committee, for the annual election of officers was named, consisting of Harvey B. Bush, Dr. Wilbur Plannery, George F. Winter, Jr., Paul G. Dingley, and Arthur Meek.

The report of committees revealed that \$360 had been cleared in the recent production, "Dear Ruth," which will be turned into the blind fund. Several instances of how the club had aided blind were reported on, and the club will take care of the hospital expense of a girl from the Wampum district, who will undergo an operation in a Pittsburgh hospital.

The club assisted with the formation of a new club in Little Beaver.

STITCHING STRENGTH INTO PATCH POCKETS

Diagonal stitching is a good ending for a patch pocket corner. When sewing this kind of pocket to a garment, strength is built if the stitching is ended with a diagonal design at the corner.

Textile and clothing specialist of the U. S. Bureau of Human Nutrition and Home Economics have been testing stitching designs for strength that will improve the serviceability of women's work dresses and children's clothing. They found that the strongest of seven methods tested was stitching made in the diagonal design. This diagonal ending, rarely used at present on women's housedresses, proved almost twice as strong as the boxed or rectangular ending.

A pocket's endurance does not depend on corner stitching entirely, the experts point out. Strength of fabric, strength of thread, and length of stitch share responsibility, but a good ending is important.

New Foundry Will Open Soon

Building On Hobart Street Being Fitted Up For New Industry

In the large brick building at the corner of Mahoning and Hobart street, some years ago occupied by the Westmoreland Chemical and Color Company, preparations are going on apace and machinery is being installed for operation of a jobbing foundry.

The cupola is in place, also there are four sand bins, and six moulding machines. The building is 40 by 156 feet.

According to Arnold Satz, of Wallace avenue, who with Francis S. Kleiman, newly moved to this city, members of the firm, operations are expected to commence in about a week's time.

Mr. Satz states that all types of small iron castings will be made, and expect to do business with other local industries. They will also make and use a special iron called Kleimanite, an iron of high tensile strength.

At present, the firm will employ about fifteen men.

PILOT 'OUT ON LIMB'
ERIE, Pa., May 7.—(INS)—Fledgling Pilot, Robert Clelland, 38, of Lockport, N. Y., literally found himself "out on a limb" at the end of the second cross-country flight of his flying career.

Clelland, making the flight to earn his pilot's license, crashed into a tree-top near Port Erie airport yesterday when he attempted to slip in under an extremely low ceiling of clouds.

The Coast Guard picked up 18 members of the crew from a life raft and returned them to shore after the ship had been beached in shallow water off Angel Island.

John Tracy Clinic Doing Unusual Work

Clinic For Deaf Children In Los Angeles, Calif., Founded By Mrs. Spencer Tracy

One of the most unusual educational institutions in the United States at the present time is the John Tracy Clinic of Los Angeles, California, founded in 1942 by Mrs. Spencer Tracy, who is the director in charge. The clinic works with deaf children, particularly those who are pronouncedly classified as "deaf and dumb" and is doing a work that has attracted national attention.

Mrs. Tracy, who is the former Miss Louis Treadwell of New Castle, founded the clinic in 1942 as the result of her work with her son John who was born deaf. Mrs. Tracy proved to her own satisfaction that a child born deaf was not necessarily incapable of speech, the difficulty being that being unable to hear spoken sounds the boy or girl sometimes grew up without being taught how to speak.

Started in a small way the John Tracy Clinic today is located in buildings formerly occupied by the University of Southern California. L. A. has a competent staff of specialists, and in addition to resident work conducts correspondence classes in all parts of the American continent.

The clinic has just published its first Bulletin. Listed among the directors and advisory board are such persons as Walt Disney, William M. Jeffers, Grant Mitchell, Spencer Tracy, Mrs. Calvin Coolidge, Mrs. Bob Hope, E. J. Mannix, and many others whose names are familiar to the entire nation.

Encouraged by the success of the John Tracy Clinic, others are being started in various parts of the country and as a result of the work of Mrs. Tracy and her associates, many people who are born deaf will be able to speak.

An old penal code of China provided that a man could obtain a divorce if his wife was too talkative or if she disregarded his parents. He could also obtain a divorce, the code held, if his wife had an envious or suspicious temper.

Public Hearing On Charter Bill For Third Class Cities

HARRISBURG, May 7.—(INS)—A House-approved bill authorizing Pennsylvania's 46 third class cities to frame charters was aired today in a public hearing before the Senate Local Government Committee.

The home rule measure, piloted through the House by Rep. Walter F. Rose (R-Cambria), would permit citizens of third class cities to choose the form of local government such as the city manager plan. The proposal has drawn opposition from the Pennsylvania League of Third Class Cities.

The State Chamber of Commerce threw its support to the measure and pointed out it merely carried out the wishes of the electorate as expressed in an amendment to the state constitution adopted 25 years ago by a three-to-two margin.

Seek Entrance Into Canada Of European Jews

OTTAWA, May 7.—(INS)—The Canadian Jewish Congress today asked the Canadian government to permit entry in the dominions of a "reasonable" number of European Jews.

The proposal was submitted to the Canadian Senate Immigration committee by Michael Garber, president of the Jewish Congress. He said the congress was willing to train selected Jews in skills required for jobs in the dominion and to give them a prepared course in "Canadianism."

Garber pointed out that Canada now has an opportunity to secure many fine prospective citizens among the displaced Jews in Europe. He added they would fill a real need in Canada for skilled workers in building trades and other industries.

British Seeking Escaped Prisoners

JERUSALEM, May 7.—(INS)—Reports from Nathanya today said scattered shots were heard while British troops conducted a house-to-house search for Jewish prisoners who escaped from Acre fortress Sunday.

The troops began their search in the Jewish Ex-Servicemen's Club.

Reliable Jewish informants in Tel Aviv said the attack on the fortress was led by a former British commando, Ex-Sergeant Dov Bernard Cohen, who was killed in the fighting.

One hundred and 67 of the 183 Arabs and all of the 29 Jews who fled from Acre during the attack were reported still at large.

Baby Death Toll Rises In Epidemic At Allentown, Pa.

ALLENTOWN, Pa., May 7.—(INS)—Death toll from an epidemic of infant diarrhea in the Allentown area stood at 22 today with 20 babies still under treatment in Allentown and Philadelphia.

Latest tiny victims were ten-day-old Mary Ann Pleva, of Emmaus, and five-month-old Bruce Oberdoster, of Slatington. They died in Allentown General hospital yesterday.

Physicians reported some progress in the condition of 13 patients in Temple University hospital and one in Children's hospital, Philadelphia, and six in Allentown General.

Eighteen babies were taken to Philadelphia from Allentown last Friday when the maternity section at Sacred Heart hospital was closed. The disease, known as gastro-enteritis, has no known specific cure. The first death was reported March 22.

There is approximately 200 pounds of steel in the average household refrigerator.

Pittsburgh Man Attempts Three Suicide Methods

PITTSBURGH, May 7.—(INS)—William Booth, 52, was alive today through no fault of his own.

Booth, homeless, apparently became tired of living yesterday and tried unsuccessfully three times to take his life, police said.

First, he threw himself in front of a truck in downtown Pittsburgh—but the driver swerved and missed him.

Then, he threw himself in front of an automobile—receiving bruises

and cuts. Police arrested him after treatment for his injuries.

Finally, police said, Booth slashed his wrist in his cell. This attempt was discovered in time, however, and Booth was sent to a hospital under guard.

MORE VIOLENCE NOTED IN CAIRO

CAIRO, May 7.—(INS)—Two hand grenades were thrown into the former offices of the British army supply center in Cairo today in a continuation of bomb explosions which have taken four lives within the past 24 hours.

Another grenade was exploded in the former British ministry of information office. There were no casualties.

The bomb which exploded in the

American-owned Metro theater yesterday injured 20 patrons in addition to killing four.

Fifteen of the injured were reported in serious condition at Cairo hospitals.

Cardinals "Flop" Big Talk In Major League Baseball World

Dodgers Surprise With 7 To 6 Win, Cards Folding Up

Durocherless Dodgers Come From Behind And Defeat 1946 World Champions

BOSTON BRAVES DEFEAT PIRATES

By LES KONKIN
(International News Service Sports Writer)
NEW YORK, May 7.—This is only the third week of the season, with few major league clubs having played as many as 15 games. Yet, even at so immature a stage, it may turn out to be do-or-don't day for the St. Louis Cardinals, the team that won a world's championship last fall and now can't beat cream into a froth.

They lost the tenth of their last 11 games yesterday when the Dodgers came from behind to win, 7-6.

Pollet On Spot
They'll be trying again today at Ebbets field in the second game of the Brooklyn series and the thing that makes the occasion significant, even vital, is that they will be going with Howie Pollet, their 21-game winner last year. If Pollet shows he's ready to go nine innings at top speed, all may yet be well with the Cards.

Meantime, the old circumstances again was emphasized by which some features of the last world series are now being played in reverse. Ted Williams, who couldn't hit an audible foul in the big event, crashed successive homers yesterday to give the Red Sox a 6-5 decision over the Browns in 11 innings.

Tigers Trip Yanks
Little Eddie Lake hit one off the premises at Detroit in the eighth inning to give the Tigers a 3-2 decision over the Yankees and Allie Reynolds.

As a result, the Tigers moved within a half-game of the leading White Sox, who were beaten, 3-0, by Bill Dietrich's five-hitter.

The pace-setting Dodgers kept their "interval" over the National league field, with the Cubs taking over second place, two games behind. They beat the Phillies, 3-2, with Bob Scheffing's seventh-inning single sending in the winning run.

Braves Scalp Pirates
They displaced the Pirates who took a 6-0 beating from Johnny Sain and the Braves in the first night game of the year. The Pirates started Kirby Higbe, their latest acquisition via Ebbets field, but "Kirby" was wilder than a week's growth—walking nine in the seven innings he operated.

The Reds moved ahead of the Giants into sixth place by putting the crusher on Monte Kennedy and five other New York pitchers for a 11-6 frolic.

PLAY TIE GAME

Volant and Hickory A. C. played a 0-0 tie game in the North County loop last night, being called by darkness at the end of the seventh inning, putting a stop to a real pitching battle between Fife and Morgan. The game is being re-scheduled.

Striking Drivers Will Present Case

Auto Drivers Striking Against Indianapolis Speedway Race Memorial Day

INDIANAPOLIS, May 7.—(INS)—Members of the American Society of Professional Automobile Racers today presented their "strike" against the Indianapolis Speedway at a hearing before the contest board of the American Auto Association.

The AAA is the sanctioning group of national car racing. Joe Lencki, Chicago racer owner, said the drivers' group would complain to the board that the speedway, scene of the famed Memorial Day 500-mile classic, was violating AAA rules by failing to offer prize money "reasonably proportioned to gate receipts."

Speedway President Wilbur Shaw has not yet answered the drivers' demands that prize money be raised to \$150,000 from \$75,000 and that they be cut in on a percentage of gate receipts for time-trials.

Phillies Release Rollie Hemsley

Veteran Catcher Seeks New Berth, Hopes To Round Out 20 Years In Major League

PHILADELPHIA, May 7.—(INS)—Veteran Catcher Rollie Hemsley is looking around for a new baseball berth with the hope of rounding out 20 years in the majors.

Hemsley, 40 years old, asked for and received his unconditional release from the Phillies because Backstaps Andy Seminick and Don Padgett were getting all the work.

Up to this season, Rollie caught 1591 games in 19 years of big-time ball starting with Pittsburgh in 1928. He also played with the Chicago Cubs, Cincinnati, St. Louis Browns, Cleveland, and the Yankees. Hemsley is a native of Syracuse, O.

The Phils, who added two players over the week-end in a trade, also optioned Pitchers Dick Koecher and Lou Poffel to their Eastern League farm at Utica.

NEXT meeting of the Lawrence County Sportsman's Association will be held Tuesday, May 13. Several days ago Here & There reported he had been informed that a large bird flying at night above Harlansburg, made a whistling noise. Owen Penfield, Fox, the naturalist today stated that, in his opinion, the bird is an American Golden Eye or Whistler. They are not too plentiful he said and in flight make 65 miles an hour. Chuck Hunter and Artie Levine clash next Monday in Cleveland. However, before that bout will be an affray between Middleweight Champion Tony Zale and Cliff Beckett, Canadian champion, Thursday night at Youngstown. Cliff is tough but Zale should have no difficulty winning.

Preakness will be run Saturday. Even Bobby Feller can't win with only one day's rest. After blanking the Red Sox Friday, Manager Lou Boudreau rushed him in against Washington to protect a one run lead and the Nats climbed all over him. Using a number two iron, John Seesh of Alliquippa, sank a hole-in-one at the Blackhawk, Beaver County golf course. Robert P. Woods has been elected president of the Sharon Saddle club and Thomas Thompson, retiring president, has been named permanent managing director of the club's activities. They're betting 100 to 1 that Jet Pilot can't repeat the performance of Assault who took the Derby, Preakness and Belmont Stakes.

Baseball Meeting Thursday Night

All Contracts For City League Must Be In Thursday Evening At 8 O'Clock

City baseball league managers will have a special meeting at Carn's Place at 8 o'clock Thursday evening for the purpose of handing in 1947 contracts to Secretary Michael Bobovsky and making plans to open the season Sunday, May 11.

Formal acceptance of the umpires offer for working the city league games will be made by the managers by vote, although the matter has been settled satisfactorily, it is announced.

Weather Hurts Fields
The Thursday meeting will be conducted by Joseph O'Leary, vice-president, in the absence of the league head who will be at Westminster college for an athletic banquet.

The matter of fixing up fields is still a big problem here and the rainy weather the past week has not helped out very much. Very little work has been done on any of the fields, as a consequence. It is hoped that the league can get started next Sunday on schedule.

TITANS-ROCKETS BATTLE TO TIE

NEW WILMINGTON, May 7.—Westminster golfing team and Slippery Rock State Teachers college battled to a 9-9 tie at the Grove City country club course yesterday with Chink Dutkin of New Castle medalist with a sparkling 73 card and defeating Salvatore of Westminster who had an 86, Dutkin winning 3 points.

Burke, Westminster, defeated Fuller, Slippery Rock, winning 3 points. Perkins, Slippery Rock, defeated Hay, Westminster, winning 3 points. Paine, Westminster, defeated Hansen, Slippery Rock, winning 3 points. Paul, Westminster, defeating Bauer, Slippery Rock, who scored one point. Fitzgibbons, Slippery Rock, defeated Zech of Westminster, winning 2 points and Zech 1.

Babe Ruth Plans Return To Florida

NEW YORK, May 7.—(INS)—Babe Ruth will return to Florida's warm sunshine Friday to continue his recuperation from a serious neck operation by "resting, fishing and relaxing."

The old home run king spent two weeks at Miami Beach last month, but returned to New York to undergo further treatment at French hospital and to participate in Babe Ruth Day ceremonies at Yankee Stadium on April 27.

Changes Noted In County Card

Two changes were made today in the Lawrence County League card for tonight's games.

The Bessemer-Edenburg game, scheduled for the Tigers' field, will be played at the Cement City, manager "Jim" Martin stated. The Ellwood Vets-Ellwood Moose clash has been moved up to Thursday evening at the Evans Park field.

Other contests on the docket (weather permitting) find Hillsville and St. Lucy's playing, Wayne A. C. at Wampum and New Galilee at Castlewood.

Busy Week For Titan Athletes

Track Meet, Four Golf Matches And Banquet For Westminster This Week

(Special To The News)
NEW WILMINGTON, May 7.—A track meet with Carnegie Tech at Pittsburgh today, four golf matches and a banquet for all athletes on Thursday night, highlights the sports program for the week at Westminster college.

The 66-65 victory scored by the track team over Geneva Saturday has given Coach Harold Burry's inexperienced squad the stimulus it needed. However, the Titans will be the underdogs at Tech as the Pittsburgh boys scored a relatively easy victory over Geneva.

Burry Makes Changes
Coach Burry has announced several changes in the track program. Individual meets scheduled with Grove City and Allegheny have been combined into a triangular meet to be held at Grove City May 24. The team will participate in the tri-state event at Beaver Falls May 17.

The golf team will be in action on Tuesday against Slippery Rock at the Grove City Country Club. They meet W-J at the New Castle field club today. Carnegie Tech will be here Friday and West Virginia Saturday. Exclusive of Tuesday's match the linksmen have won two, lost two and tied one.

Members of the football, soccer, basketball, swimming, track and golf squads will be guests of the college at a banquet Thursday night at Ferguson hall. Buddy Overend, widely known athletic director at Carnegie Tech, will be the speaker.

City Loop Accepts Offer By Umpires

Scheduled City League Umpires Meeting Tonight Is Cancelled, Gilbert Says

City baseball league games this summer will be handled by the Lawrence County Umpires Association, it was announced today by President Charles P. "Bugs" Walther. The opening games Sunday, May 4 will be handled by the Lawrence County Association members.

Acceptance has been made of the offer of the Umpires Association through Dal Hartman their president and "Blackie" Irwin, for working the city league games at \$4.00 for seven inning games and \$5.50 for nine inning Sunday games. The offer was made to Len Gilbert chairman of the city league negotiating committee. Gilbert in turn has cancelled the scheduled city umpires meeting for tonight.

A poll of the majority of managers reached by phone Tuesday evening resulted in the acceptance, all managers being for the offer as made by the ump.

VFW WILL WORK OUT

Corcoran-Metz Have Made Up

Tournament Manager And Star Golfer Shake Hands And All Is Forgiven

CHICAGO, May 7.—(INS)—The Dick Metz-Fred Corcoran feud, one of those things that happen in the best of families, was a thing of the past today.

Everybody professed delight at everything, and one of the biggest families you ever saw—the Professional Golfers' Association—looked forward to a healthy, happy and safe tomorrow.

That business of safety assumed important proportions among the men who make their living by hitting golf balls after an unscheduled one-round event on the links at Del Monte, Cal., last January.

It was then that Corcoran, Metz, in a moment of pique, floored Tournament Manager Corcoran for a count that subsequently took four months to complete.

Shake Hands

All, however, is completed now. At a special meeting of PGA officials in Chicago yesterday, President Ed Dudley called the whole thing "most regrettable" and stood by nodding pleasantly while Corcoran and Metz shook hands.

Then Corcoran's long-fostered wish was realized when he was handed a new contract naming him publicity director of the PGA with permanent headquarters in New York.

Tournament-managing duties will be taken up by the association's tournament committee, at least for the time being, Linksman George Scheinert at the controls.

NEW CASTLE HIGH GOLFERS WIN ONE

Defeat Beaver Falls High At Castle Hills Course Tuesday 8 1/2 To 6 1/2, Rea Medalist

Paced by their ace Charles "Chuck" Rea, with a sparkling 77 card, five over par, the New Castle High golf team finally broke their losing streak by downing Beaver Falls High Tigers 8 1/2 to 6 1/2, at the Castle Hills course, it was reported by Coach Robert Mills.

New Castle's next league match is with Butler High here at Castle Hills May 9. Butler defeated New Castle at Butler Monday 15 to 0.

Results yesterday: New Castle—Rea 37-40—77—3 points; Dale Mielke 43-46—89—1 point; Jim Lamoree 49-43—92—1 point; Buck McKibben 54-43—97—1/2 point; Dick Hamilton 48-49—97—3 points. Total 8 1/2. Beaver Falls—Bonanni 44-45—89—0 points; Zuberhahner 46-42—88—2 points; Blackwood 46-44—90—2 points; Davis 46-43—89—2 1/2 points; Wiley 55-56—111—0 points. Total, 6 1/2.

Eagles Golfers Start Monday

All members of the Eagles golfing league are to report at the Sylvan Heights course at 5 o'clock Monday evening for the opening of the 1947 Eagles club No. 455 golf league, it was announced by Golf Chairman Joseph McCaskey. All signed up members and any others wishing to play are to report.

The members have a 5:30 o'clock deadline for teeing off, it was announced. This is the first Eagles golf league in the history of the club and quite a little interest is being shown.

Bessemer-Union Battle To Tie

Bessemer and Union High baseball teams battled to a 6-6 tie at Union field yesterday in a non-league game, the game being called by darkness in the eighth inning. Madrid had a no-hitter for Bessemer going into the fateful fifth, but got into trouble and Martin took over in the sixth. S. Kupiec and Hoover did the Union hurling.

Conti of Union had a triple in the seventh and scored the tying run on a hard hit ball that Martin could not field. Doubles were hit by F. Retort, Pezzuolo and Anderson of Bessemer.

Score by innings: R. H. E. Bessemer 002 003 10—6 9 3 Union 000 050 10—6 5 3 Batteries—Bessemer, Madrid, Martin (6th) and D. Retort; Union, S. Kupiec, Hoover and W. Kupiec.

Will Show Movies

In addition to their talks, the talking picture, "Play Ball, Son," which shows how to bat, and how to field the various positions, along with little tricks which help the pitcher in his work on the mound will be shown.

William A. Francis will be master of ceremonies, and a big time is anticipated. Chairman Wesley Mann of the Junior baseball committee of Perry S. Gaston Post, states.

FAIR OR FOUL

by **LAWTON CARVER**

International News Service

NEW YORK, May 7.—One minute they tell you that Eddie Arcaro is the best race rider this country has seen.

Then the next thing you hear is all about what a dope he is to ride a horse that way.

My opinion perhaps is worth very little. I always seem to have my two bucks on him when he seemingly rides badly. However, he's still the Mr. Big of those little riding men so far as I am concerned.

Are Blaming Eddie
All who wagered on Phalanx in the Kentucky Derby are pinning defeat on Arcaro, which is the way with betting people. You've seen them get up and walk out of a tight arena grumbling disgustedly because some kid they bet on had been so unfortunate as to windup knocked unconscious.

There wasn't much that Arcaro or anybody else could do to prevent Jet Pilot from winning that Derby.

You can't beat a horse that gets off so well at the turn into the stretch he already is winning all by himself, and never for a moment coming back to the field. The Maine Chance flier is a real speed horse which has shown that he can go a route besides.

Arcaro's alternative would have been to jump off of Phalanx and cut across the infield on a motorcycle. He and Phalanx were pretty much all over the track, to be sure, but any mistakes that he made were more or less forced upon him.

Split Second Decision
It isn't always possible for a rider to decide the running of a race, especially when his mount gets off slowly.

He must decide in split seconds which move to make to combat what all the others are doing and yet utilize his own horse to best advantage.

Under the circumstances there will be mistakes until such time as horses are piloted by foolproof robots, which unthinkingly do the right thing automatically in advance of developments.

This still goes, even though Arcaro has been known to make mistakes. The thing about him is that he makes fewer than any of the other riders and generally can be relied upon to out-wit his rivals.

Did Good Job
I personally thought he gave Phalanx a hustling ride to be second to Jet Pilot by a neck and ahead of Faultless by a nose in that slam-bang derby finish.

Another rider might have finished 10 lengths back. You may say that still another rider might have won. That is entirely possible, but day in and day out, give me the little guy they call Banana Nose. The best proof of Arcaro's position in race riding is to be found in the fact that he virtually can have his choice of mounts in the big stakes. There is no sentiment in this from the owners and trainers who engage the riders.

They couldn't care if the jockey rode standing on his head and wore ruffles on his boot-tops—so long as he could ride. They all agree that little Mr. Banana Nose can do that.

When he slammed in there just a neck behind Jet Pilot he gave me my money's worth even though my duce was riding on his nose.

Two Penn State grid stars—Bill "Red" Moore, of Rochester, Pa., and Bronco Kosanovich, of Aliquippa—have accepted invitations to play for the collegians in the New York Herald-Tribune football benefit next Fall. Both already have signed contracts to play for the Pittsburgh Steelers in the National Pro League.

4-H CLUB NEWS

The Plain Grove 4-H Club met at the home of Mrs. Ben Warner May 2, at 7:30 for election of officers. The results were as follows:

President, Donna Neely; vice-president, Mary Alyce Burns; secretary-treasurer, Shirley Eppinger; news reporter, Dorothy Winder; game leader, Dollie Brown; song leader, Lorraine Stroschine.

Miss Mehlmen gave a talk on the projects of the year.

The next meeting will be held in the home of Kathryn and Dorothy Winder on June 6, at 9:30 a. m. It will be in the form of a health meeting.

Camden Invites Phils, Athletics To Switch Games

Seek To Avoid City Of Philadelphia Wage Tax On Baseball Players

CAMDEN, N. J., May 7.—(INS)—The American and National Baseball Leagues were invited today to switch their Philadelphia games to Camden to avoid the Quaker City's wage tax.

Mayor George E. Brunner of Camden urged the major leagues to build a stadium in his city in time

for the 1948 season. The Athletics and Phillies' home games are now played in Shibe Park, Philadelphia.

The mayor coupled his invitations to the heads of both circuits with a denunciation of the "unfairness and inequity of such a tax grab."

Receiver of Taxes W. Frank Marshall of Philadelphia announced Saturday he would collect the one per cent municipal wage tax from visiting ball players. The A's and Phils already pay the levy.

"We're making no unreasonable demands on the baseball players, and there has been no objection from them," Marshall declared.

GAME ENDS IN TIE

The Harlansburg-East Brook North County loop game last night ended in a 2-2 tie in the sixth inning, called by darkness. The game will be re-scheduled.

BOY SCOUTS

Walmo Cub Pack No. 6 met in Walmo school on Saturday evening with Cubmaster Joseph Pitzer in charge. Den No. 3 led the salute to the colors with Keith Diehl and Bill Murphy as flag bearers and Eddie Morris and Lynn Pitzer as color guard. Den Chief Bruce Billman led the pledge of allegiance.

For the program each den presented an original stunt. "The Dark Town Strutters Ball" was presented in black face costume by Den No. 1. Mrs. W. A. Folt, den mother. Den No. 2, Mrs. Clyde Altman, den mother, gave a two-ring circus. The meaning of Arbor Day was dramatized by Mrs. William Murphy's Den No. 3; a humorous style show

was enacted by Den No. 5, Mrs. Merle Thorne, den mother, and Den No. 6 under den mother Mrs. Vance Glenn enacted "The Mystery of the Water Pad."

Merit awards were given to Jim Caldwell, David Morgan, Bill Thorne, Dick Speck, Fred Boley, Bob Folt, and Lynn Pitzer. The new charter for 1947-48 was presented to pack committee chairman, William J. Caldwell.

The cubs will take part in the Memorial Day parade. Project for the month of May is a wild flower collection. A baseball game is scheduled soon and the next pack meeting will be a tureen dinner on May 31 for the cubs and their families. Closing meeting will be held at Boy Scout Camp on June 20.

Later type German U-boats had a range of 22,000 miles and could stay submerged 70 days.

Wally Stenger, of Waynesboro, winner of 10 of 13 matches in college singles competition, is the newly-elected captain of the Penn State tennis team. Stenger played

two seasons as a Naval trainee before his return to the campus as a civilian.
